“ Carrie was very close to me, she lived with me pretty much all my childhood, and teen years I have lots of memories with her one was her very first car accident... yep I was with her we were heading to mr freezes in Athens and some how she put the car between two trees. Oh did I mention that was also the first day she got her driving license. We were perfectly fine. The car was a little scuffed up. She would pick me up from school as soon as school let out just so she had someone to talk to. Exclamation was our favorite perfume, she always sprayed us both when I was little. We loved listing to N'sync and Backstreet boys in my teen years. So many Happy memories I love you carrie love Jessie Lynn
