October 31, 2006 - March 28, 2025

Andrew "Drew" Fupeng Thompson was born in Luoyong City, Henan Province of China on October 31, 2006 and came home to Florida in early 2009. He attended schools in Leon County and lived in Tallahassee his entire life.

Drew is survived by his parents, Donnie Thompson (Jen) and Heather Wilson (Shawn); brother Chase Thompson and sister Julia Thompson; step-brothers Casey Harrell (Haylie and two daughters), Colby Harrell and step-sister Madeleine Wilson; fraternal grandparents Wendell and Martha Thompson; maternal grandparents Carl and Lolly Wier; uncles and aunts Jeff Thompson (Shannon), Philip Pomeroy, Jr., Mary Stafford (Parke), Jackson Pomeroy (Erin), Alinda Baker (John), Brian Wier (Debbie), Brett Wier, Joel Wier (Lis Boyette), Tom Goshorn (Anne) and Brian Wilson (Amy). Drew also leaves behind a multitude of loving cousins. He was preceded in death by his maternal grandfather John Philip Pomeroy, Sr. and his aunt Anna Pomeroy.

He loved everything American and was our precious Asian Redneck. Drew loved everything outdoors, hunting, fishing, camo and mud holes as well as his dog Dixie. Especially days at St. Teresa Beach, Dog Island and St. Marks. Because of this, we are creating a memorial reef in the ocean waters he loved, in Franklin County. We will be able to visit the Drew Thompson Memorial Reef forever.

The family will be receiving guests for a visitation at Bevis Funeral Home on Tuesday, April 8, 2025 from the hours of 2:00 – 4:00pm with a memorial service to immediately follow at 4:00pm. In lieu of flowers, memorial contributions to the Drew Thompson Memorial Reef are deeply encouraged. Donations can be made through either branch of Prime Meridian Bank in Tallahassee.

Breanna Green and Kelly Barber of Bevis Funeral Home (850-385-2193 or www.bevisfh.com) are assisting the family with their arrangements.

“ I became close friends with Drew in middle school. He was just a street away and my friends knew if they were coming over, we were going to Drew’s. I’ll never forget all the walks to and from his house. He would always walk us back when it was dark and make sure we got home safe. Drew was the funniest person I know. He was always messing around and making silly jokes. We would always sit around the fire listening to music, playing in the pool, and just enjoy each other’s company. One thing i’ll never forget about Drew is how kind he was. He was always checking up on people and trying to help them. I will forever hold on to the memories I have with Drew. I was so blessed to know such an amazing and respectful boy who was so full of life and energy. Although I wish he was still here with us, I find peace and happiness in knowing he has now find his. I know he is in a good place, watching over us and protecting us. I will forever cherish his presence that i was so blessed with! Long live Drew Thompson!

“ Drew and I became best friends in the elementary school. I'll never forget whenever I introduced myself to him. I remember seeing him with his headphones on and was always on his phone, something inside me wanted to talk to him, and introduce myself. I couldn't be more grateful and happy I did because even after one conversation I could tell I had just made a best friend who I knew I was going to be close with forever, our friendship continued throughout high school. The last following year, it got really hard to talk to Drew whenever I change schools, it had made me sad but I knew our close bond was still there! Drew had the sweetest, most caring, loving personality not to mention, he was definitely the funniest person you'd EVER talk to or even meet. I have way too many memories with him that I'd say every single one was my favorite but if I really had to choose one to talk about I'll pick a silly one, it would definitely be whenever we both would get home from middle school we would right away FaceTime and try to hangout since we lived in the same neighborhood. Particularly this day we decided we were going to go to Golden Eagles pond and fish. And also to blast music with his speaker he was always bringing. I had never in my life put a fishing rod in my hands so I bet you can imagine him trying to teach me how to even fish and us just laughing. He always loved showing me his new bait he would get from the store. We would blast his country music and songs we use to play in 5th grade that we both knew word for word while we were watching as the sun goes down. After, he came over and ate dinner with me and my family. And on the way back to take him home he'd always tell me “whenever you get home FaceTime me” to make sure I made it home safe. FaceTime was definitely his favorite and whenever we'd talk it was never for just a few minutes, we'd talk for hours. He always wanted to have a good time. I'll again never forget the day I met Drew and I'll always cherish the memories we had together. We watched our little selves grow with each other since 4th grade and stuck by each other's side. And still to this day I'd say I'm still right by his side. FOREVER.
Love you Drew❤️

“ *Me and Drew became friends in sixth grade and became even closer in seventh and eighth we FaceTimed all the time with our other friends on the call to during the weekdays after school and the weekends. I changed schools and it made it harder to see him and our friend group. My favorite memories when he came to my school when I was stuck there and picked up my best friend and brought me food. Just to talk to me in the parking lot, he never complained about doing anything, and was always down for a good time. He always listened and let me and my friends just talk away on the call and he always came up with a way to make us smile. He is the kindest person I've ever met and the funniest. I will forever cherish all the memories we had love you, Drew.*
