“ I'm in shock as I learn of April's passing. She and I worked together in two separate locations and times at FSU. In first FSU job she was one of my student assistants. I briefly worked with her at DAT. I was so proud as she earned two Master's degrees from FSU. Smart, wonderful woman. We were neighbors and close confidants for many years but hadn't seen her in a couple of years. Now seeing this wonderful woman is gone far far far too soon. Sending sincerest hugs and blessings to her daughter and husband. She was just a pure joy as friend. I miss you April.

“ I miss my sweet friend. I met April as a coworker at DAT. We became friends very easily. I knew I would get to laugh everyday with April. She was a great listener and always had time for you when you needed it. She kept our little area of DAT entertained. I miss her smile. I miss picking her up in the mornings early, because she was not a morning person, Ha Ha. I miss the conversations we would have on the way home. Love you sweet lady and I will never forget you. So happy I got to know you.

“ April and I were coworkers at DAT, but she was more than that. She was a great friend/work family. She always knew how to make people laugh with her silly voices, raps, snack choices, and dances. She was who she was and didn't care what people thought. I am honored to be able to call her a friend. She will be missed.

“ April and I first came to know each other as coworkers and shortly thereafter became friends... The kind of friend that you call family. April has always remained near and dear to my heart despite the miles that came from me moving across the country many years later. Some of my most favorite memories with April include various theme parks (where she always WATCHED us ride the roller coasters! :-)) and some really fun Halloweens. But her infectious smile and laugh are what will stay in my heart forever.
