“ *We will always remember what an important role you played in the earliest days of Inline Roller Hockey here in Savannah. You worked so hard along with the rest of the team at practice and were one of the few that could actually skate backwards! Setting up the foam curbs out on Tybee certainly was a chore but then, together, we moved up to the big time at Lake Mayer. You were always dedicated and ready to work at anything hockey. It was because of you that Randi and I became such close friends with your parents. We will cherish the memories we have of sharing many a Thanksgiving and yes, you had pasta and butter then too! Peace be with you....Jay Butter*

“ *Never gonna stop giving you a hard time for only ever eating buttered noodles or chicken fingers especially at tournaments where the restaurants didn't offer either. lol*  
*I'll never forget yelling at you on the hockey rink with the rest of our best friends, trying my best to get you to pass the dang puck.*  
*Disregarding your obsession of being a Devils fan, you always had a way of telling things straight. We hadn't talked in years but I can only imagine your personality was only accentuated by your experiences through life.*  
*Love you duder and hope you rest easy*
