“ We knew Ed from his paper route days and we would occasionally run his route when he was out of town. We would get a giggle out his tapes he would make for us as he would use the same tape over and over and he would sound like he was saying same phrases multiple times. He was a hard worker and we were glad to know him in that capacity.

“ We met Ed and his dear wife, Sandy, back in the early 70's when we lived in Tallahassee. They quickly became our best friends. That friendship has lasted for decades. No matter where we have lived since then, whenever we have gotten together or talked by phone, our conversation simply took up where it left off, as if distance and time meant nothing. We have always loved Ed Carter and all of his family. His passing will not change that, for as the Apostle Paul says in I Cor 13:8, "Love never ends."
