

## Caprice Marie Walker

August 5, 1986 - March 31, 2025

Caprice Marie Walker, 38 of Tallahassee, unexpectedly passed away on March 31, 2025, with her loving family by her side. She was born on August 5, 1986, in St. Petersburg, Florida to her parents Matthew and Jill Walker. Raised in Wakulla County, she was the valedictorian of the first graduating class of John Paul II Catholic High School. She studied electrical engineering and received her bachelor's degree from Cooper Union in New York City.

Caprice worked for the City of Tallahassee as an Analytics Architect in the Tech and Development Department. Caprice was an avid fisherman who enjoyed nothing more than spending the day at St. Marks National Wildlife Refuge. She was a creative person who loved woodworking, painting, drawing, and ceramics; and was always excited to learn a new skill.

Caprice was a devoted friend and an advocate for those often marginalized, stigmatized, and otherwise ignored. She was intolerant of inequality and did not suffer fools lightly. Caprice chose to be an organ donor, leaving the beautiful gift of life to many as her legacy.

Caprice is survived by her loving family, parents, Matt and Jill Walker of Wakulla County, Florida, sisters, Meredith of Detroit, Michigan, Grace (Austin Scott) of Tallahassee, brothers, Matthew Jr. (Tina) of Callahan and Trent

currently attending the University of Florida.

She is preceded by her paternal grandparents Joseph and Victoria Walker of St. Petersburg and maternal grandfather Ray Conlon of Cocoa Beach.

A Celebration of Caprice's Life will be held at 2:00PM on Sunday, April 6, 2025, at Bevis Funeral Home. A reception will be held immediately following the service in the Bevis event room.

“ I first met Caprice around 2012 in NYC. I admired her artful, playful, friendly personality whenever I was with her.

When she left to FL, I didn't hear from her until 2020 (about 10 yrs). We reconnected/caught up in a beautiful way. We'd text, FaceTime about the good/bad or latest obsession. Whether it was snacks, video games, the temperament of her pets. I was grateful to give/receive notifications from time to time, knowing that we were in each others thoughts.

The last interaction I had with her was when she came to visit NYC, late summer 2024. We talked/laughed about difficult co worker dynamics, deep talks about constructive/progressive thinking whenever we felt down. I really admired her insight and feedback. I really resonated and valued her opinion and perspective.

My fond memories that come to mind, is when she was packing her stuff in NYC before moving to FL, we threw the Koosh ball back and forth with the Velcro handles, in the middle of the street and how it was corny like the movie Field of Dreams. Also, the "HEY DUDE"! When we'd link up on FaceTime.

You'll be missed dearly, Caprice. You have a heart of gold and your values will stay with me forever.
