“ *This is from your cousin Jr. I will always remember when I got out of basic training how you opened your home to me. I will always remember when I visited you in Florida with Carol and how you and Roxy took us on an airboat to see the Everglades. Kitty, you were always very special to my mother. I will always remember how protective you were of me when I was at the VA hospital. You called me daily to make sure I was okay. I will always remember you in my heart. May your memory be a blessing to our family.*

“ *From your cousin Stephen and his family;
Dead kitty, I will always remember my elder cousin for her Intelligence, how she devoured my mother's collection of books. Also when she was going to West Virginia University, she would relate stories of being in med school during evening classes with cadavers and how scarey it was working on deceased bodies alone at night.
Dear Kitty, eternal rest grant unto you and may perpetual light shine upon your soul.
God bless you !!!
Love:
Stephen, Carla & family*
