“ *I just saw Andy not but a month or so ago outside of Publix on the NE side of town. We sat out in the doorway of the store briefly catching up... me telling him about how busy I was with work and my boys... to him telling me how he was doing good and getting a fresh start in Orlando. I encouraged his life changes as any good friend would do and told him to go for it. We swapped a few hunting and fishing stories as we are both avid outdoorsman, even talked about making plans for a fishing trip when he came to visit. I surely wished I would have talked a little longer with him and gave him some more encouragement to make those positive life choices. I felt like he looked up to me being older and a friend of my brother and cousin. I genuinely was happy for him and wanted him to do good. I want to send my condolences to the family and prayers for you all to have peace and be surrounded by love.*

“ Andy was one of our much loved “music kids”. Those of us who teach music in the school system spend a lot of time together and we share in our children’s lives; joys and sorrows. Andy was always comfortable sitting in my office at Leon; he knew he was welcomed and cared for. I really liked him! I’m so terribly sad for Cynthia, Chuck, and Vicki. There just aren’t enough words to express how loved he was and how much he will be missed.
