“ Margaret,

Scott and I are saddened by the news of Chuck's passing. He allowed me to shine and learn (sometimes the hard way) all he knew about architecture. He made being a mother with 3 young kids easy to go to work every day. When I talk to the kids about those years of working for him, their favorite memories are the fried chicken, crab catching in the pond (with the chicken bones from the fried chicken) and the swimming pool he bought for them so they had something to do while I worked on those hot summer days. But one of the best memories I personally have is right after I went back to work with Nick. He would snatch up that baby, feed him and then they both would take a nap with Nick stretched over Chuck's belly and they would lean back in the recliner and both be asleep for hours. I could go on with many more memories. I am blessed and glad that I had the opportunity to work for and with Chuck. All that I learned I'm still using.

Please know that we are praying for you and your family.

Love

Kathy and Scott Strednak

“ To Debbie, Scott, Ginger, Beth, and family members, I am very sorry to learn of this loss as Chuck was one of the cousins I looked up to as a child. When my dad and Milan were both stationed together in the Navy at Patuxent River MD, we spent a lot of time together. David and I were 7 or 8 years old and Chuck was the teenager. I remember one time Chuck and some of his friends went to Philadelphia to be on Dick Clark’s American Bandstand. David and I were glued to the tv watching and we both spotted Chuck, David’s big brother, on the tv dancing. That was a big deal in 1959! Many other memories over the years of Chuck when we rabbit hunted and fished together. He was the big guy that we looked up to. He was also one of our red headed cousins, joining Freeny and my brother Mike. I wish we could have spent more time together over the years. Once again, I am very sorry about his passing and I am thinking about you all during this sad time.
