“ I have never laughed so hard as when i was riding bikes with Foster Rosser and Larry Workman. They never made me feel like a "girl" nor did they clean up their banter on my behalf. RIP Foster.

Mr. Rosser interviewed and hired me when I came to Lincoln looking for a job. And after he hired me he was always supportive and encouraging. He had an aura of pleasantness and positivity that I appreciated. RIP Mr. Rosser. Thank you for taking a chance on me.

Foster was a founding member of the Apalachee Canoe/Kayak Club in 1975. We paddled all over the panhandle and south Alabama together, laughing all the way. Gloria and I had known each other as children. Our paths parted and we lost touch but the memories remain.
