“ Chris was a childhood friend and we went to Washburn Elementary together. I have lots of great memories of Chris and the gang of boys from the neighborhood. We sometimes played board games at Chris' or Paul G. 's house or Chris and Mike McCarthy would spend time bothering me. I am so sorry for your loss. The photo you posted of him made me smile, he looks like he grew up to be a great man. Condolences to you all. May God hold you in his hand.
