“ I worked with Cindy for several years before she retired. I learned so much from her and enjoyed working with her each shift. She always had a joke and a smile for everyone she met. She was a special person to all that could call her a friend. She will be greatly missed, but I know we'll see each other again.

“ *Cindy Finn was my friend; I called her my little sister. We've shared laughter, tears, gossip, work, went to exercise classes, picked blueberries, went to the weapons range to qualify for Leon County Sheriff's office, and we even broke bread together. It's hard to even realize she has gained her angel wings, and that I will never see her again on this earth. But someday, we will meet again up in a land where there is no sadness; only peace and joy. We will laugh again about old times and some of the moments we shared. I loved my friend, and my heart is broken. "God's speed Cindy".*
