“ *I'm sad to say that after leaving Costco in 2019, I didn't stay in touch and never knew Daniel passed away until this year. My heart goes out to his whole family.*

He was a wonderful person and brightened every day I worked at Costco. He had a great toothy smile and always had something funny to say. He was a light and was kind to everyone he met. I remember many days hanging with Dan on the register, just talking about the woods, animals, his beautiful kids, and anything else. He had this funny way of scanning items sometimes, behind the back, maybe a trick-shot over the shoulder. He was hilarious and kind to the core; he had a way of making you laugh with just a random glance. He impacted a lot of people, even ones he only knew for a short time. I'm so, so sorry for your loss and wish you all comfort and strength.

“ This is my dad. This is a photo of him with a squirrel we found when it was a injured baby. We named it forest and later released it in the wild again. If you don't know who i am, i am Emmaline Iris Saindon, his daughter. I have many memories of him despite I'm only 12 and 7 months. We visit him on his birthday every year. I miss him so much, i also loved he worked at Costco. He was strict but great.

“ *I knew Danny as a Boy Scout in Troop 105. I worked with him as he advanced to Eagle. I remember him as a nice guy and a good scout. I saw him occasionally at Costco in recent years, and we would always chat about the troop and his time in scouting. His picture and name tag still hang in the scout hut. My sincere condolences.*

“ *I worked at Costco as a demo consultant with CDS. for 4 years. Daniel and I immediately had a special bond. Many times he would stop by my demo on his break to speak. He was so proud of his family and wife. We would talk about church and God. Many times it seems God works in mysterious ways. I left CDS last year to work part time at Bevis Funeral Home. Daniels viewing and service will be there. Daniel I will be there at both services to work. I will do my best to be of extra comfort for your family and friends. I love you like a son.*

“ While working at Costco from 2015 to 2017, Daniel was someone I became quick friends with and who I could talk to about everything from politics and conspiracies to parenting and hobbies we enjoyed outside of work. He was a hard worker and one that would go out of his way to make someone laugh or smile. He was a particular, unique and kind person. Even on his bad days, I enjoyed working with him more than any other cashier. May he Rest In Peace and his family be surrounded by love and comfort at this time.

“ I am so saddened by the news of Daniel's death. I am so grateful to have, last minute, gone to Costco late last Friday afternoon, and got his attention to say hello. He paused and thanked me for making a point to say hello. That means to world to me. I've appreciated Daniel since he started work there 14 years ago. He was authentic, honest, fast, always had something interesting to share. He had a unique look. I always commented on his fancy hair style when he first started work there It's not always easy working with customers, but he kept a positive attitude, and rolled with the punches. He thought so much of his family. I enjoyed hearing stories of his children, and things going on in his life. He was a very special individual. My heart goes to his family, friends, and co-workers. He was such a special person. Daniel, you had a positive impact on so many peoples lives. Thank you for being you. I am so happy I got to know you. I will miss you much. Peace and love to you. “ *Such a loss of a great man who was a friend to all he met. A deep thinker; Daniel was always trying to solve the world's problems. He dreamed of having an aquaculture farm one day, where he could raise fish and garden at the same time. It is appropriate that his viewing falls on Earth Day because Daniel cared about the earth and all creatures great and small (especially his beautiful family). You will be sorely missed, my friend. Godspeed. -Adam B.*

“ I came on transfer to Costco from Puerto Rico so Daniel started with us at the new store in Tallahassee. Best cashier ever, super fast. Number 1 selling stamps, taking donations for the Children’s Miracle Network etc. I’m not for frond end but at the beginning after the store open always works with him and we always fight because he said my name is je-Ssi-ca because I’m Spanish we always fight and laugh about also we always talk about his family that he was love the most he was so proud os them. One day he came and he was so happy I was buying something in his register and he told me Jess my wife is pregnant and I thought he was laughing but he was serious and so happy and I was Daniel shoul be your number 6 and he was Yes should be a girl. After that he was so happy about when he bought his mobile home well I have a lot to said. He was a quiet person but he pick who he let get in in his circle and I’m so happy in some poin I was. I jus saw him on Friday and is so sad he is not here today. To the Saindon family will keep you guys in our prayers 🙏 so that God continues to give you comfort, strength and peace in your hearts. My Friend you left to soon but i will always remember you fly high 🕊

The best part of working for Costco are the people (employees) who help make us the Costco Family. I had the pleasure of meeting Daniel back in 2008. He was a proud man who was very confident about his abilities to perform his job in a high capacity, which got my attention. We hired him as one of our first hourly Tallahassee employees . I had many different conversations about career choices and Daniels desires with Costco and always left the door open. I could tell in speaking with Daniels children tonight that they have some of the the same characteristics that Daniel displayed in our conversations and interactions. This gave me great relief to see parts of Daniel thriving in them. I pray for your family and that God will helps you through this most difficult time. The Costco Family prays for you all.
