“ I had the pleasure of working with David for many years at the mayo data center. Also, as bureau chief of Retirement Data Systems, I worked with David while he was employed at AMIC data center.

I also enjoyed visiting with him at Alligator Point and fishing at Lake Talquin. I will always remember those times with him and friends Ken Waters and Terry Lee.
May God be with his family at this time and may he rest in peace.
Respectfully,
Randall Wayne Lee
