“ Dayle will always be remembered for his harmonious personality and willingness to help. The Systems team at FDOT all enjoyed hard work with many laughs, lunches and events thorough the years when we were all 1 team. Dayle had a big rubber bug that he would place in the teammates' desk drawers. The girls were not pleased, but that was the extent of anything negative from Dayle! He was a fine man.

“ Dayle was an amazing person and friend. Throughout the years, we fished together, played cards and became great friends. He was a person you could always count on, in and out of work. Whenever a question was asked and he wasn't sure of the correct answer, he would say, "Let's consult the Google." This phrase and his words will always be remembered. Thank you Dayle.

“ Dayle and I worked together at FDOT for many years. He mentored me not only in work, but in life. We became personal friends over time and he was a joy to be around. I will miss him dearly. My thoughts and prayers are with the family during this difficult time.
