“ *Debi was by far the best massage therapist I have ever used. I became friends with her during the last few years of her life and was honored to bring her some dinners during her illness. I did not realize she had passed and when thinking about her this morning decided to search for her name again- my heart hurts for her family- but I am so thankful she is out of pain. She told me the last time I brought her dinner how much she liked the brownies, so I hope Heaven is full of iced brownies just for her! I'll never have another massage without thinking of her!!!*

“ *I had many fun times with Debi. We couldn't get through a massage session without lots of good conversation and laughs. We also had personal events where I got to have good times with her. She will be missed. Love you Debi! From Mimi Curtis*

“ You were such a blessing to me when I needed one the most. You saved me. I will never forget our shenanigans, dog days, lip plumper fiascos, dogs licking frogs, smoking lizards and cool evening talks on the porch.
