“ No one had a sweeter, more tender heart than our Delaine. She was a precious and vital part of our family who you could always count on for a great big smile. Ohhhh how the tears flowed often from her beautiful eyes when she spoke of cute, or sad, or even happy things. She appreciated every bit of life, respected all forms of life, loved with all of her great big heart, and cherished her family and friends. To be loved by Delaine was to know a special kind of love...a love that even with the physical distance that happens in each of our lives, we could always pick right back up with tight hugs and kisses on each other's cheeks. She was sincere, and tender, and oh what a fighter! She was a beautiful one-of-a-kind human being! She so enjoyed all of our family functions...birthdays, Thanksgivings, Christmas gag gift parties, and other family gatherings. She loved all of us unconditionally. I loved her laughter and how she would toss her head back and give that cute giggle of hers. What a beautiful, beautiful soul she had! She touched my life in the sweetest of ways and I will always, always, always love and miss her!!  
With love,

“ *So sad to see this. I have wonderful memories of working with Delaine at TMH. She was in the OR and I in PACU. Then we worked together for a bit when she was having some foot trouble and had to use a wheelchair temporarily. We were both admitting patients that came in through the ER. Even in that situation, when she was having trouble getting around, she still was full of fun and making those around her smile. I know her family will miss her dearly. Rest In Peace sweet lady.*

“ *My memories are many and bring smiles to my face . One of my favorites was when she would put her makeup on behind the anesthesia machine in room 18. During the case !!!! We had fun going to restaurants around town and to the coast . I know you are looking down and smiling at all of us that are still working our butts off . Love you my friend Always Debbie We will meet again*
