Doug was always there when my Daddy and Mama (Bill and Ann Williams) needed AC or Electrical work many years ago! They also had great visits!! My husband Fred also remembers Doug helping him on Lower Bridge Road when a vehicle hit the electric line over the road and disconnected his utility pole. Doug was a family friend not just a contractor :) RIP Condolences for Doug's Family.

“ *I fondly remember Doug as a unique and rare individual. He was a very devout, deeply sincere Christian man of God, who really lived what he believed. I first met him almost 50 years ago, and through the years we had many in-depth spiritual discussions. He had no use for hypocrisy, money-grubbing, or false teachings. He also did very good HVAC, electrical, refrigeration, and other work for me through the years, including the electrical wiring and HVAC for my new house 20 years ago. I don't know of anything he couldn't do, and he always did it well, and never over-charged. He truly lived by the golden rule (Matthew 7:12). So very sad that he's gone!*
