“ *To the Jones family... I just found out today that Mr. Bud had passed away. Mr. Bud repaired my power chair for many years while working for Numotion and we became great friends. Bud always went above and beyond for his customers. When it took two months one time to replace the motors on my power chair Bud brought me a loaner chair on his own time and expense and refused remuneration from me. I am so sad that I will never see his smiling and gentle soul again. My condolences again to your family. David Lettelier, Havana, Florida.*

“ Mr. Bud,

*I called Numotion yesterday to request you to come out and put new batteries in my chair. The company told me what happened, and I won't lie i spenr most of yesterday crying. I met you 20 years ago when I was 7. I was at Whitmeyer having my second chair build. It was an all day process back then, completely miserable for a child. You brought me snacks and things to color on. From that day forward you always worked on my chairs. Over the years you celebrated my accomplishments, graduating college, getting married, going through fertility treatments and finally having my son. You were such a huge part of my life. I don't think I'll ever trust anyone to fix my chair again.  
I hope theres endless fishing in heaven  
To his wife and daughter's:*

*I am so sorry. He spoke of you fondly and often. We live on 20 as well. If you need anything.*
