“ I knew Ray from my time at the TCC Library. I would usually arrive on campus about 7:00 a.m. and Ray would already be working hard beautifying the grounds around the administration and library buildings. We began exchanging greetings and soon his smile and words became a welcome part of my day and Ray became a friend as well as part of my TCC family. I am now retired and feel so sad that he didn't get to enjoy many long, happy and healthy retirement years. I know he will be missed by all those whose lives he touched. Rest in peace, Ray.

“ I met Ray when he was dating my sister Shari. As the typical younger sister, I drove him crazy on a 2 hour drive. Cracking my gum the whole time. At the end of the drive, he didn't cuss me out lol I loved him from that moment on. He was the kindest man I have ever met in my life. Me and my 3 children are heartbroken. He will always be the greatest brother in law, and Uncle of all time. He survived so much early on, and he was glad for every day that he was here. We are so very glad to have know such a pure heart. We love you, Uncle Ray.....and we will see you again someday, we promise

“ I will always remember the days we were married for 22+ years we were married then remarried on the same wonderful day April 17, 2016. I have always loved you, and the pastor told us that since we didn't choose out other partners, that we were ALWAYS married in the eyes of God. Thank you for that Pastor, I will all ways cherish that, as I know he did! ❤️

“ Ray and I started working at TCC around the same time back in '93. I worked in the Math Lab and he on Grounds. Over the years we'd see each other on campus and we'd usually visit for a few minutes, trading stories about our lives and about raising our kids. What a kind soul! I think he told me that he had a college degree in biology - I think it was a Master's. I asked him why he wasn't teaching and he said he'd rather work outside. On those beautiful fall, winter and spring days when the temperature was just right and the sky was blue, I told him I wish I had his job. On the hottest summer days, I was glad I worked inside. Ray, I've missed you, your friendliness and our conversations. I'll see you in Heaven, Brother.

“ *Ray was a very dear friend of mine. He would come over to my house when we were in school and take me riding on his motorcycle. I remember him trying to teach me how to drive it while riding on the beach in Ocean Springs. He was one the kindest people I knew. He never had a bad word to say to anyone, always laughing and cutting up with everyone. I know for sure Ray will be missed by so many of his classmates at LBHS. He was a true Bearcat. When he came to the coast we always got together for a visit. I will love and miss him all my life. Farewell Ray Ray. It is now your time to soar with Our Lord and the Angels for you have earned your wings. I love you. Anna Carrubba Lizana*
