“ I have known Eddie Jack and his family all my life. He was one of the best fishermen I had ever known of ,I looked forward to him coming down the road to go to work. Even after I got older I would still keep his tunnel boat bailed out when it would rain. and I would not charge him 50 cent. LOL. I loved his wife and his children and always will.I LOVE YOU AND WILL MISS YOU MOST OF ALL.. Tell Mama and Nanny I Love em and I miss them..
