“ Farrell Wahlquist was a great individual because of his love for his family and those lives he touched and changed for good. I can remember him helping on the homecoming floats, on the school grounds during lunch talking with the students, calling the football games and so much more. My family always had high praise for Farrell and Kay and their boys. Farrell will always be my favorite teacher, he made his class a joy to attend, as long as you did right or he would bring out that fiberglass paddle. Farrell will be miss by many as he this earth not only as a better person, but helping those he touched better. I will missed you, thanks for the memories.

“ Todd my condolences to you and your family. I didn't know your father. I will base my knowledge of him on the quality of person you seem to be. You have been understanding and comforting to my family through some very difficult times. A trait that was probably mirrored from your father. As mine I know the feeling of your loss. May you be able to fill the void of the vacant chair.....j
