“ This a story I have told before, My Brother Gary always laughed when I told it..we were about 8&9years old, we went to school in Springfield Oregon and rode public bus to Eugene Oregon were our Dad and Grandfather were building a house, after getting off the bus we ad a distance to walk to get there, we had to climb a steep hill and as we where going up the hill, some boys came along and started to harass us..Gary started running and told me to do the same, but I couldn't run fast enough to keep up with him and the boys were catching up with me,I picked up a tree limb and hit one of them in the stomach and I ran away from them. I always teased Gary as being"MY BIG BRAVE BROTHER" he always laughed when I told this story. .
