“ Betty and family, I am so sorry for your loss. I only knew Glen a short time. I had just moved to Monticello when hurricane Michael hit. I got to meet Glen as we worked together setting up the staging area for relief supplies at the Ag Extension location here. He was such a hero. There is no way we could have stored all the hay and other feeds without his loaner truck and trailer. A year or so later I ran into Glen in between doctor appointments. I was grabbing lunch after putting up horse fences and I was a grungy mess! We sat down and ate lunch together. I got to tell him how much I loved his heart and would never forget how he made that whole relief effort possible for so many families and their animals. I am so honored to have known him.

*With heartfelt sympathy, Marie Saylor*

“ Mr. Glen was always a good, honest man. He sold us horse hay. He buried our horses when they passed. He always was generous. He was the embodiment of 'love thy neighbor.' Rest in peace, Mr. Glen. We will meet again in our celestial home.

“ I have known Glen for going on 10 years now. My father-in-law and I did business with him selling him hay for his customers. He was a fine honest man and a truly good person to know in this world. I am deeply saddened by his loss and my heart and prayers go out to his wife Betty and his family and friends.

“ My fondest memories of Glen were from the Carmichael family reunions in Mayo. All of us cousins would laugh and have a great time while eating fabulous country food and listening to our elders talk about the “olden days” when they were young ones. Even though I have not physically seen him in a while, one of our cousins has kept me up to date about him. I am sorry for your loss and he will be deeply missed. My thoughts and prayers are with you during this time.

“ Betty and Family - you have my deepest sympathy in Glen's passing. He was one of the hardest working people I knew and yet always found time to lend a helping hand when needed. For all he went through he never complained about anything. Glen was a very special person and a friend to many and I feel blessed that I was able to be counted as one of them. He will be missed by everyone who knew him. Please know you are in my thoughts and prayers.

“ Betty,  
On behalf of the City of Tallahassee, Glen's "Work Family," I wanted to express our most sincere condolences. Glen was a stalwart employee and a true friend to many. I recently sent an announcement to the entire department letting them know about Glen's passing. I promptly received many replies from employees expressing their sorrow and sharing fond memories of Glen. Through his 30+ years with the City, he touched the hearts of so many people.

Thank you for sharing him with us for so many years.

“ Dear Kelly and Family:

*I am so sorry to read of Glen's passing. I remember your family from when you lived in Lake Butler. I remember when your Mom passed away here in Tallahassee. We took our son, Michael, by her workplace to show him off on our way home from the hospital in 1984. I have nothing but fond memories of your family!*

*Your family is in my thoughts and prayers. Lean on Our Heavenly Father, all of those beautiful and blessed memories that you shared with Glen, your family, and your friends; all of these will help you through this difficult time! Please let me know if there is anything that I can do for you!*

*I am the special Aunt that is listed in Glen's obituary. My Sister loved Glen and his Sister Kelly with all her heart . I think she knew her life would be short because she asked me when they were very young if something should happen to her would I treat her children like my own. I am so grateful she never experienced the worry and hurt she would have felt with Glen's health. I have never seen one person who had to endure all the health related problems that Glen had and I have never known anyone who never complained.*

*I know Glen was loved by many and I know he will be missed but I don't think there is anyone who knew him would have wanted him to have spent on more moment on this earth with the pain and suffering he endured.*

*Glen was an example of how life should be lived. He loved to work. He loved his family and he loved his friends and we have been blessed to have had him part of our lives.*

Glen will be missed by many of the horse owners. He has been feeding my horses for several years. From the very beginning, one could see that Glen was honest, kind, and helpful. He didn't mind lending a hand with minor home issues on occasion. He delighted in conversation, and even take you on a tractor ride to the neighbors house to deliver their hay. He was one in a million! I was so hoping he would once again win his battle with cancer. But, I guess it was time for him to join his heavenly family. He lived a good life. Rest in peace Glen. You will never be forgotten. I pray for comfort to Betty, and other family members.
