“ *Glenda always had a kind word for everyone and an infectious smile, as evidenced by the photos. Nothing changed from the time I knew her in high school, to our days as roommates in California, to the phone conversation we had a few years ago. My condolences to Don, Kerrie, and family. She was a lovely person who will be missed by many.*

Thank you Carol for your kind words and we appreciate the friendship you had with Glenda. She spoke of her time with you in California often and you could tell that it was an important period in her life. I only wish that I could have contacted you earlier before the alzheimers had progressed too far so that both of you could have reminisced about many of the fond memories you two shared during that time. I would have loved to of heard your side of some of those stories!
