“ *Never imagined that my best if the bestest friends I have had the privilege to love would leave me behind so suddenly and so young. Herbert James and I have known eachother since 1986. He and I never really liked eachother to much, and made sure the other one knew it too. Lol. OI Bert by far was a very honest straight to the point kinda man. I loved and admired him so much for his way of thinking. You know to be honest Bert is one in a few I will ever meet in my lifetime.*

To his family, Bert's love you will always have to keep dear to your heart.

To his friends, Bert's devotion you will always remember.

To his daughter, Sydney Allen, Bert's world you will always be.

To Herbert James Allen, my friend. I'm not going to let you win our last argument. I love you my bestest.

“ *My father was a good man that made sure I had things I wanted and needed in life. He was funny and liked to crack jokes around family and friends. 53 years was far too short and it saddens me that I won't have him here to see me graduate college, walk me down the aisle, etc. I will miss him more than words can explain.*

“ So sad to hear the passing of a good friend. Bert was one of a kind and the 8 years we spent together will not be forgotten. Sydney, Brenda & Joyce, I hope you all find peace in knowing that he loved you all very much. Bert was a smart man and had it together. Although, he and I had lost touch with each other, I still considered him to be a friend and he will be missed by many of the lives he touched in the 53 short years he was here. When I met Bert back in 2002, he was a car body man at Champion Chevrolet and he had a pick up line I always thought was funny "hey baby if you need any body parts worked on, I'm your man" Bert had a great sense of humor, always making people laugh and that was one of many, of the best memories I have of him however, I hold 8 long years of memories. I hope he's fishing, hunting and doing all the things he loved while here on earth. God bless you my friend. RIP Dee!
