“ My condolences go out to her family and friends. She will be greatly missed by the community too. She touched a lot of people's lives in a positive way. I always looked forward to seeing here replies, she was truly a good person and I'm thankful to have had the opportunity to know her. God has called another Angel; and we are assured she will be looking out for us all. And when it's our time, she will be there to greet us.

RIP Jackie, God Bless You

“ When I first saw Jackie posting memes to my Buddy Checks on X, I thought to myself, "Who is this lady and where in the names of all things holy does she find all these different memes?" As I watched Jackie Posting away, and interacting with the Veterans she 🥰 loved so dearly, I realized Jackie was a special lady with a heart of gold. Over time, Jackie and I interacted to the point we are friends. Even though I never had the pleasure of a face to face with her, we came to know one another quite well. In many ways she was the younger sister this older brother felt very protective of.

Jackie touched an uncountable number of lives. Her loss is felt by the Veterans community she loved so very much, myself included.

This is one time I can say with all honesty, my life was made better knowing Jackie. The world was a better place with Jackie in it. I'm certain Heaven became a better place upon her homecoming entry.
