

Julie Dawn Martin Allen

May 10, 1956 - July 6, 2019

Julie Dawn Allen, born in Norwich, England May 10, 1956, unexpectedly and peacefully left us on July 6, 2019 in her Tallahassee home. Our sweet Sister was an amazing woman with an extensive family whom she loved deeply. She was passionate about the arts, the earth, women's rights, and children. Julie lovingly spent all of her time helping others and caring for everyone she could with an enormous smile. She was a gypsy at heart and loved to travel, making friendships everywhere she went. Her love for others was so strong she grieved whole-heartedly for those she could not help. In the end, this burden was too heavy as her heart could no longer bare it. Julie passed away in her sleep mercifully void of duress.

Words written to Julie following her passing express the family's thoughts:

"Our legacy is the LOVE that is left in our path. Everyone you touched walked away LOVED. You were a light of love and kindness that burned brightly, surely the world dims at your departure."

In lieu of flowers, and if your heart calls you to, her family asks that you make a donation in her honor to the Bunnell Street Arts Center in Homer, Alaska <https://bunnellart.z2systems.com/np/clients/bunnellart/donation.jsp?campaign=23&&test=true>

A service will not be held; instead the family will be having a private Celebration of Life to honor her wishes. As Julie would say, "Peace, Love, and Light"!

Susie Mozolic of Bevis Funeral Home is assisting the family with their arrangements. (www.bevisfh.com 850-385-2193)

“ *I worked with Julie for the last 5+ years. She made it enjoyable! I loved hearing about her family (who she adored and was proud of), about the places she had lived, and about her many travels while we drove together to various schools. She had a very giving, caring heart and will be greatly missed.*

“ *I only had the pleasure of meeting Julie once, last Christmas, but she was so like her mother, Jeanne, my friend and Sister in Christ: so loving and friendly. I knew she and Jeanne and just returned from Arizona where they had been caring for a friend suffering with cancer. This one example seems to epitomize Julie's life: giving of herself unselfishly in service to others. I pray that the love of family and friends and your precious memories of Julie's life will comfort all of you, her family, during the days, months, and years ahead. May our Loving Heavenly Father draw you close to Himself as you grieve Julie's unexpected parting. With deep sympathy, Barb Berry*

“ I had the pleasure of working with Julie for a few years. We hadn't seen each other in awhile due to working on different projects. She was always ready with a big hug when we were able to see each other. I loved talking with her and she was an amazing woman. She will be missed.

“ I was saddened greatly to hear of Julie's passing. It seems that she remained the loving, caring, free-spirited person throughout her life that I knew as a teenager. I am so sorry for the incredible loss to her family and send my hope that you are able to draw close and comfort each other through this time.
