“ *I remember one day June came and picked me up and we went riding around and it seemed like everywhere we stopped we ran n2 somebody we knew and we visited a few but that whole day was nothing but extreme fun and laughter for us and everyone else 2. All spirits were high with not a care n the world. We had the radio blasting and we were just a singing. I've seen her happy and I've seen her sad but that particular day was the happiest I had ever seen her. We had the best time . That will stick with me always. And could she make some Slushies out of koolaid or whatever she had. Can't believe u are gone. But u will never b forgotten. Love ya girl and I'm glad we made up b4 hand.*
