“ I knew Kalip during his time at Swift Creek Middle School. We would go for weekly walks and talk about life. He would challenge me with Harry Potter trivia and tell me about his fantasy football leagues. He would draw me pictures to decorate my office which are still hanging there today. I will miss his infectious laugh and joy-filled smile. ❤️

“ I've known Kalip for many years and had him in my class last year. He always had a smile on his face. I truly enjoyed our talks about Harry Potter and will treasure the pictures he frequently drew me. Please know that I am sending you all love and peace during this time.
