“ Pops was the father I use to dream I had when I was little, the kind of father that showed his wife how much he loved her, the kind of father that showed his kids how much he loved them.

Fortunately my dreams did come true, I was lucky enough to have a real man like pops in my life to make me realize what I wanted in a man.

I believe God has a plan for all of us no matter which god you believe in. Rick (pops) and Lori (mom) were in the plan for me they both gave the encouragement and belief in my self to go out and do good things as pops would say.

I was blessed in so many ways because I had him in my life and even though it hurts deeply and I will miss him terribly, I take comfort in knowing he is with mom now and they are together again. I can see that smile from here poppi.

I love you poppi
