“ *Oh sweet Sis. Hall, you were a second Mom to me! I will never forget you always welcoming me into your home - sometimes for days at a time! You always called me “sweet Marcie,” and always told me you loved me (even though you were fully aware of the trouble Jacki and I could create!) So very often i sat at your kitchen table and drank a Tab or Diet Coke with you while we chatted. You loved Elvis and sometimes I would burst into his songs just to make you laugh. I’m glad you are finally back with your sweetheart but you will be missed by so many! Thank you for the positive influence you had on my life. I love you! Till we meet again. 💕💕*

“ Linda was my treasured, precious friend. I really loved her, and still do. We clung together and held each other up after our beloved husbands died 5 weeks apart. As we cried, remembered, and shared our grief, it became easier to bear. I am so grateful we had each other to lean on!

The years also included lots of fun. We went to Salt Lake City at Christmas time, Cancun with a hurricane on the way, an Alaskan cruise, Mexico Beach for sun and surf, the temple in Orlando, movies, plays and quite a few shopping malls! We shared many lunches with friends, birthdays, anniversaries and special family occasions. She was a huge part of my life and I have always called her, "my precious Linda."

We talked about living next door in the spirit world, and I am hoping for that! She is truly my eternal friend and I look forward to seeing her again in the eternities..

“ Grandma was the most fun grandma! I remember she would teach me how to be a lady . I remember walking up to her at church and her telling me “ you don’t walk like a cow “ I was confused and asked “huh?” As any pre-teen would . She said I walk with one foot in front of the other and not out to the side like a cow . It made us laugh and I always remembered that and walk head held high and feet one foot in front of the other just like grandma taught me :)
