“ I was so very sad to hear of Lucy’s passing. I came to know Lucy in the late 1970’s and early 1980’s. As an FDLE Agent in Tallahassee, I and fellow law enforcement associates spent a large portion of time investigating drug smuggling and the official corruption that always went with it. I can say with absolute certainty that Lucy Morgan made a huge contribution in helping combat drug smuggling along the Gulf Coast of Florida and holding crooked politicians criminally accountable. Everyone knew that Lucy was the smartest person in the room regardless of who was in attendance. Yet with all this being said, she was also a person of extreme empathy and kindness. As an example, while Lucy was covering the trial of a corrupt politician in federal court in Panama City, she took the time to find a kitten for our young Down Syndrome daughter, Kimberly and arranged for its transportation to her in Tallahassee. Some loved Lucy, and some feared her, but all respected her especially the corrupt officials who wondered if she was on their trail too ...and she was!

“ *I will always treasure my very fond memories of Lucy's strength, presence, and talent at the Capitol, and I remember well sharing a neighborhood in Tallahassee with Lucy and Dick for a few years in the late 1980s.*

*What an honor to have known the great Lucy Morgan.*

*My thoughts are with all in Lucy's family, especially with Dick.*
