“ My family and I want to offer our deepest sympathy on reading of the sad, unexpected death of Michael. May the warmth of family and friends and your loving memories give you continued strength during the times ahead. It is truly comforting to know our Lord Jesus made a personal promise regarding our loved ones who have died. He promised a resurrection. A time when we will see them again. That guarantee is found at John 11:25. It is our hope these words will bring you comfort and hope.

“ Sharon and Larry, you and your sweet family have been like part of our own family through our whole lives. We have known Mike since he was born and I have never known a kinder or more caring person. He could always make me laugh with his quick wit, and impressed me greatly as he grew into a fine man of great intelligence, integrity and kindness. Many years ago our family visited your family when our daughter, and Mike, were both 15. Our daughter was disappointed when she learned that both Chris and Carol were away, due to prior commitments, but Mike went out of his way to spend time with her, even making her laugh at times, and making her feel welcome. She still remembers and appreciates the time spent with him that day, and I know many other lives were touched by him in similar ways...that's just the quietly caring way Mike was. We will miss him and treasure his memory always. Our love and prayers are with you and your family.

Mary, Thank you so much for your tribute to Mike. It warms our hearts to hear all the wonderful things friends, neighbors & his co-workers are posting & telling us, everyone liked & admired Mike so much. We are hurting, but so are a lot of people who knew Mike.

“ *That smile - he always returned one when he passed by me. Although we never really spoke, I'm going to miss that smile. I do know there's a HUGE hole in the hearts of his close co-workers right now - that's evident in their faces and words. That's definitely a tribute to what kind of man he was with those he knew well. I love that donations are requested for the Wakulla shelter. It's like a seedling of life sprouting after a devastating wildfire. What a beautiful, thoughtful way to honor him. I most certainly will do so today, and I expect I'll feel his smile again, when I do.*
