November 13, 1935 - January 16, 2022

Mildred Louise (Morton) Hutton(Millie) (1935-2022) passed away on January 16, 2022 from complications with Mesothelioma lung cancer
Beloved mother to Sheila Griner of Crawfordville, Florida and Tricia Foster of Bradenton, Florida and her sister Shirley Lewis from San Antonio, Texas. She had a special place in her heart for all of her animals that she had over the years!

She was preceded in death by her loving husband, Warren John Hutton. She will live on in the hearts and minds of everyone that loved her dearly. Mildred wished to be cremated with no funeral services. Respects to our mother can be expressed on this web site.

For my mother that is dearly missed and loved but will never be forgotten by her daughter Sheila Griner, Son-in-law Richard Griner, Granddaughters, Shannon Boykin and Nehza Griner, her Great Grandson Maxwell Boykin and her loving living sister, Shirley Lewis. You will forever be in our hearts and our memories, while you rest in peace.

“ *To my loving sister, Mildred Hutton. You were always there for me growing up. You shared your home with me when I had no place to stay. You taught me how to cook, how to iron, and clean house. Those did not seem important back then but became important later on in life. I will miss hearing your voice on the phone and your laughter. And now you are with your family in Heaven, and I know they are happy to see you. We here left behind are sadden by your leaving although we know we will see you again. Until that day comes, I will be thinking of you. Your loving sister, Shirley Lewis*

Love your Daughter, Sheila

Sheila Griner - January 27, 2022 at 12:57 AM

“ This has taken me many hours to make my words absolutely perfect to honor my mother and it is straight from my heart and soul. I am Mildred's youngest daughter and I will never be able to say how much I love her and how it has broken my heart to lose her. She has been with my family in Tallahassee for almost 19 years. When she first got here she didn't show love as in saying I love you and hugging but after being around us and our friends that do hug and say I love you she started doing the same. I would always smile when she would reach out to hug one of us or a friend and say I love you. She was so happy to see her grand daughters grow up and then she became a Great Grand Mother. In these years there has been so many happy memories made. There has been bad times too but the happy out weighs the bad by far. No matter what, I have loved her through it all.

I shared my pictures of how happy she was at Cook outs, Birthdays, Christmas's and Mother's Days so family and friends can enjoy seeing her smile and happiness..

The day at the beach we stopped at every gift shop before we got to the Island and got her presents, then we seen the light house and walked on the beach. She loved the ocean and smiled so much. What I would give to see that smile again but I have my memories and pictures so I will never forget.

During her last 3 months, I seen her as much as I physically could due to my health. We would laugh, we would cry because we knew this day was coming. She would tell me that I needed to go home and rest because she seen my pain but I couldn't leave her and would stay longer. I just wanted to stay and not leave her because I was scared that, that would be my last time to see my mother.

Eventually it was and I'm heart broken but I know that God took her so she wouldn't suffer anymore. Although my heart hurts and I cry in a instant when I think of her, I know she is pain free and with my daddy, her mother and her brothers and sisters. Most of all she is with our Loving God in Heaven. This is my final public Goodbye but in my heart, it will never be Goodbye. I will talk to her like I have my daddy. Until I join you mother, I will love you forever and always you will never be forgotten by your Grand Daughters, Son-in-law and

myself, your Daughter.

*I love you Mother. I hope you are looking down to see this. Love
Sheila*
