“ *What I most remember about Grandma it's her caring ways. She was always there for everyone especially her family. When she worked for the hospital I would come to visit and go to work with her, she was always there for the most unfortunate that were there. We had great times though. Taking them for a walk by the lake to feed the ducks. It was a warm feeling inside to see a smile on their faces and the smile on her face I will never forget.*
