

## Mona Lisa Abbott

March 7, 1952 - April 19, 2020

Mona Lisa Abbott passed away peacefully at home the morning of April 19, 2020, due to pancreatic cancer.

Lisa was born on March 7, 1952, in Folkston, Georgia, to William Franklin Price and Maudrey Brazell Wainwright Price. She graduated from Florida State University with a degree in psychology, and embarked on a career in photography for many decades. She was a brilliant and passionate photographer, who worked for the Associated Press, and operated her own studio. She leaves behind a legacy of amazing images, particularly her portraits, which reflect her love of people. Lisa also adored her flowers and citrus grove, and being hostess to large gatherings at her home. She warmly welcomed guests of all ages, and all walks of life. Lisa was one in a million—a unique, sweet and generous individual who cared about others and lived her life accordingly. She will be greatly missed by everyone who knew her.

Lisa is survived by her devoted husband of 43 years, Glen Abbott, her sister, Levene Smith, as well as many beloved cousins and special friends, too numerous to mention, and her dogs. She was preceded in death by her parents and her brother, William Franklin Price, Jr.

In lieu of flowers, memorial donations may be made to Big Bend Hospice, 1723 Mahan Center Blvd., Tallahassee, FL 32308.

A celebration of Lisa's life will be held at a later date.

Kelly Barber of Bevis Funeral Home (850-385-2193 or [www.bevisfh.com](http://www.bevisfh.com)) is assisting the Abbott family with their arrangements.

“ *What a tremendous loss to the family and friends of Mona Lisa. She had such an infectious personality and had so many interests and accomplishments. I enjoyed talking plants and dogs with her. She loved her animals so much and they returned that love. Doug and I always admired her ability to host from 1 person to many and do it so effortlessly. That is an art form for sure. We were also the beneficiary of her great photography skills. It also didn't hurt that she and Glenn and Doug and I shared our joint love of the Seminoles! She will be greatly missed by all who knew her.*

“ *I think the obituary was absolutely perfect. I have never met anyone who loved people more---all living things really. You will not find a more kind and generous soul. Mona Lisa brightened all of our lives with her smile, her warmth, and her enjoyment of life and capturing beautiful moments with her photography. When we look at these photos for years to come, we will always remember the very special person behind the camera, cheering us on and making us look our best-- to capture our true spirit and the happiest moments of our lives.*

*We love her and will miss her.. Mona Lisa was one of a kind, like the Da Vinci portrait. There will not be another one like her.*

*Our deepest sympathies to Glenn and her family.*

“ *Condolences to the family of Mona Lisa. She was a great friend of my deceased husband, Karl Rehbaum, and myself, as well. I remember our wedding photos she took, so many years ago. She had a special style and was the sweetest person!*

“ *Mona Lisa was a true diamond in the rough. I don't even want to think what my life would have been without her in it.*
