*Chris,
The service for Nick was very factual and the love was felt in all three of you who spoke. I was glad I was allowed to join via the website. I, personally know from the time at DFS how much you loved Nick and how every time you heard from him the excitement spilled over in you grin and tone. You never gave up on hoping he would spend some time with you. That happened. Always know that God had his life as well as ours planned. When his stepdad spoke of him being a genius I could only thin, just like Chris. So many talents, gifts, and loved what you did from insurance to “Skippy’s”. Grieve as you need to. You are never alone. Turn your music wide open and sing to the top of your voice. I love you just like I did when you joined our Division oh so many years ago. Sheila Parker*

“ I met Chris long ago through my then boyfriend now married. We were friends before I knew . One day Chris showed up with this cool little boy that my boys enjoyed. To think that loving soul that saw no color is gone today. He reminded me that change had come. And in that time in my life was what I needed without even realizing what was going on. Oh god is so good and I thank him for allowing Nicholas to show me a glimpse of the light.

“ I remember when Chris and Jennifer were pregnant with Nicholas. We had some great times. I remember when I was asked to be Nicholas's godfather it was one of the most special times in my life. Then Penny came into my life and treated Nicholas just as special as I did. If we do not know this by now. Nicholas knew a way to touch everyone. God will hold Nicholas with his hand. Penny and I love this family too deeply and we have always loved Nicolas. We are here for you and are praying for your whole family.
