“ I will never forget how much my grandfather loved to just help people around town. He was there for so many people. I feel like I'm not the only person that knew him that would miss him dearly. He was a ladies man at that! He has always had a way with being such kind man to others. My mother was raised by him, I was raised by him and up until I moved from Wakulla County in 2011 he kept my two girls. Took them back and forth from school and back and never asked for anything! I can truly say, we was given plenty of time with him in our lives. I will forever remember being on Miami beach pier sleeping or watching big boats go by as he fished. I have to say he took me everywhere with him or if not I was right beside him ready to go. I love my grandfather very much and I he will be missed terribly. Its not even been a week and I miss him tons already!
