“ Aunt Nena and Amanda,
Words seem inadequate right now....You know, I loved my cousin!
She was a huge part of our growing up, and my heart is so heavy!
Please know, you are being prayed for, continually! We love y'all
and a phone call away! I pray you know the presence of our Lord,
His comfort and Hope that this is not the end, by the precious blood
of Jesus Christ!
with Love,
Terri Griffis Barnes

“ My precious 1st cousin, Pam, I loved you so much! We were "two peas in a pod" at Grandmother and Pops' house, growing up. I can still hear your laugh and have vivid memories of playing "hide and go seek" in the neighborhood until dark, catching lightning bugs together and putting them in jars, stealing Grandmother's yummy yeast rolls! Our daddy's were brothers! My daddy, your Uncle Forrest, had a special relationship with you and also had a great love for you...you both shared a great sense of humor! I remember all those hugs and sharing tears together when Daddy died! I was so comforted by you! When Grandmother became ill and unable to live alone, you stepped up and traveled from your house in Vicksburg to manage her nurses and any paperwork....what would we have done without your care? You paved a way, making sense of things I had never taken on, so that you could pass the torch to me. My dear "Pammy," I pray you are at peace in your Good Shepherd's care! I will miss your smile and Christmas cards, often with Snoopy on them! You will always be in my heart! I will think of our childhood together and SMILE!! I love you.

Your cousin,
Terri
