“ I am so sorry dad. I tried to do what you wanted but no one listen to me. The vultures came and got what they wanted and just left leaving me to do everything. I can't change the past or else I would have been there Feb 27 on my birthday that way you wouldn't have been alone March 1-2 2016. Your grandkids Emily and Erin are growing so fast but I guess you know that considering you had me 😊. I miss you every single day I did my best to pack up your house after the vultures stole what they wanted. I made sure nothing was put in the street and I donated a lot to family's in need around here in Nashville ga. I know you would what it to go to people who need it that's just who you were always trying to help if you could. Not like it matters but I made sure to turn all your bills off lol as normal dish still wants their box back I'm pretty sure they are sol. We miss you and love you dad
