“ Gonna miss you man.. .you were a good friend indeed. I have many of your paintings that you have given me over the many years and will think of you each time I see them. I would rather you be here to run off to the beach, hike in the woods or just share a laugh together. Bless you and hope that you are enjoying your vision. Love and care to your family.

“ Okay Richard... Thanksgiving dinner in July will continue in your memory. We expect you to paint some beautiful sunsets for us down here. We know you're in good company.

God Bless
