“ *Dawn, not sure if you remember me, but I was Ricky's Occupational Therapist for quite a while and he came to talk to my class once I started working at Keiser University! I still tell my class stories about him every time I teach ! I will never forget Ricky and his determination and strength and all the cruise stories! I'm so sorry for your loss and I hope that happy memories carry you, Chad and Jennifer and the rest of the family through this difficult time. Rest assured, Ricky will not be forgotten and my students continue to learn from him. With much love, Lisa Bullock*

*Lisa, thank you for your kind words about my beloved Daddy! Thank you more for allowing his name to love on in your teachings. He was so thrilled and humbled to be a part of your classroom and showing others how to tie their shoes with one hand. I'd love to have a chance to speak with you when you have time.*

“ The space is not big enough for the memories. The friendship was one where no matter how long it had been since seeing or talking, you picked up where you left off. I loved this man, the Spann family is an extension of the Phillips family.
