“ I worked with Bob for many years at Tmh. He was always a pleasure to work with. He was very skilled in what he did. As one of the charge nurses on the unit for many years, I was always happy when he was the scrub on for that shift. My deepest condolences to his family. He was a special man who made a difference in the lives of so many people in this community and beyond.

“ I've known Mr. Bob for the past 12 years working together in tissue recovery. He was always in good spirits, and always had a joke to tell or a secret to life! Bob and I are both insulin-dependent diabetics, and there was a time that I didn't have the money to buy insulin. Mr. Bob didn't think twice when he shared a bottle of his own with me. That was the type of man Bob was! He always had a giving spirit and didn't think twice about sharing what he had. I'm so very sorry to hear of his passing. He will always be remembered.

I first met Bob Lolley back in the 80's when he worked in the OR at Phoebe Putney hospital in Albany, GA. Bob was a quiet and somewhat reserved gentleman however if you took time to get to know him you soon discovered that he had a quick wit and very droll sense of humor. I later ran into him at my church in Tallahassee. We shared the same faith. I got to know his family over the years. They were close, model citizens and wonderful to be around. We are a little less here on earth with Bobs passing. Heaven, however, will be a little more lively with Bobs entrance there. Condolences to his wonderful family.
