“ Mike did a fantastic job on behalf of the construction trades and the AFL-CIO, and I say that as someone who was usually (not always) on the other side of his issues. It was almost an honor to lose to Mike on a legislative issue. Mike was a smart and great strategist, someone worthy of all respect, and a man with a very big heart. My condolences to all of Mike's family and friends. I know you will especially miss this great man.

“ Mike was family. He was always there, though we might not see each other for months at a time ... or occasionally longer. One always knew where they stood with Mike and I liked that about him. He could be serious, but he always had a great sense of humor. He was fun to be around.

I recall countless visits to Sr. Mary's as a kid, Sunday afternoons at Nana's house in Williston, the summers as a teenager Mike spent working at the Ice Plant, family reunions, barbecues and oyster roasts, Gator football games and tailgating, Florida-Georgia weekends at the Cocktail Party in Jacksonville, time at the lake house, visiting him on his boat(s) ..... and much more.

Though Mike was 5 years older, our birthdays were only one day apart. I will miss him and always remember him on our birthdays. All of my love and sympathy goes out to Mark, Jane, and Beth. Just as your mom & dad were second parents, you are like brothers & sisters. Heaven just got a little bit brighter. - Lewis Williams

“ My thoughts and sympathy go out to the family of Mike Williams. As past President of the North Florida Letter Carriers I have had the opportunity to work with Mike over the years. His leadership and friendship meant everything. At conventions or seminars Mike never needed a microphone or a podium because his booming voice had everyone's attention. His dedication to the working families Lobby Corps made those of us from all unions ready to deal with the state legislators for working families issues. His dedicated work for all unionists will not be forgotten. This is a great loss to all of us and he will be sorely missed. Bob Henning NALC Branch 53

“ *To all my beloved cousins, I can't imagine how tough it must be to loose a sibling. God will be with you all. I was running for county commissioner about 20 years ago. Probably hadn't talked to Mike in 10 years, I called him and said I'm almost ashamed to call on when you need something. First thing he said is that's what family is for, what do you need. I said I need som financial help. He said no problem and checks was filling up the mail box. He checked on me a couple times to see how things was going and offered some we'll appreciate advice. I didn't win but it was not Mike's fault. It will always be in my heart*

My best memories of my cousin Mike are old memories. We played together at Nana's house in Williston, and we lived together and then near each other in St. Mary's. I was the oldest cousin and he the next oldest, but he showed me no deference, then or later, which is why I once had to literally clock him, as in hit him in the head with an old metal alarm clock. It did no good. He was still an independent, ornery cuss, except when he was a loving, generous friend as well as blood kin. Mike was tall timber, and he will be sorely missed.

I am so sorry for all of the family. One of the things I remember that impressed me about Mike is that he would grow his hair very long and then he donated his hair. I miss him too.
