“ Stephanie was fun, funny and so smart. It was always a pleasure to hang out with her and David in their lovely place in the woods. I'm glad I made it a point to visit them every time I was back in Tally. She is and will be missed...

“ Stephanie was a good person- she loved animals and nature and her home in the woods! And she loved David. He will always miss her. She took good care of Bryan, too.

“ Well, I have lost the love of my life when Steff passed away. We had a great relationship of nearly 34 years. She was everything I looked for in a woman, smart, beautiful, fun, loyal, and great family and friends. I was blessed for the years we had, and thank her late father and mother for raising her right. My large family loved her, even though she thought we were a little loud. I thank the late Rodney Watts and my dear friend Mary Moser Watts for introducing us on 3/31/89. She was napping at the time, but when she awoke I was struck by her eyes and smile. Wow, I'll miss her.

Stephanie

Steph's passing leaves a great void for her longtime partner, family and friends. I've known her for many years, since she and my close friend, David Doxsee, became a couple. Steph was very intelligent and a great conversationalist. We had many spirited discussions and I respected her intellect even when we disagreed on a subject. She was a great partner for David, and helped him grow as a person. Steph was small in stature, however, her positive impact was huge. She will be missed.

I am so very saddened for David and Virginia's loss. Stephanie was a very unique and in many ways undefineable woman. She had a heart of gold and a very caring soul. You could not ask for a more dedicated and genuine friend. There is so much I will miss about her. I know David is in immense pain and hope that remembering her treasured memories will help ease that. Rest in peace sweet lady.
