*Miss you, Tommy. I send my love and condolences to the rest of the family. We all received a double whammy with these recent losses which have been very difficult to accept. I wish to believe that Suzann and Tommy are having a happy reunion in their next lives with each other and with their family that passed before. It is still a great loss for all of us. I will miss their presence in my life. ~Izzy*

*Tommy was my best friend when he lived in Tallahassee for several years. We rode bikes, fished, played football, and built a tree house. One of my best memories as a kid was going with Tommy and his family and staying in Tommy's grandparents house on Blue Creek Highway and fishing in the creek. I just learned of his passing yesterday. My condolences to the family. Know that his memory lives in my heart here in Tallahassee all these years later.*
