I wish I could have stayed in touch with Randy over the years but I will fondly remember the time we spent together all those years ago. He was a down to earth person who was a good friend.

I am so sorry to learn of the passing of Randy. We were in the same grade in school in Quincy for many years and he was such a nice person. I remember him having the nicest handwriting, being our quarterback, and being a nice person to be around. Randy was a popular guy and will be greatly missed.

I met Randy in 1984/85 when he started work at the Tallahassee Democrat. Though our lives went down different paths we infrequently kept up with one another. From his travels to Pennsylvania to Georgia to West Virginia we stayed in touch. There was always a common moment of laughter thinking back to those early days. Your ability to spontaneous laugh at those incidents -- I will keep with me.

Also a Quincy hometown boy, Randy and I were high school classmates. I think he was the only person in the classes we shared that was more quiet than I and that's saying a lot-considering he was our Quarterback and I was just quiet! My indelible memories of him stem from Spanish class. Watching him constantly try to pronounce his Spanish name which was "Guillermo" (mine was simply Jose) has left me with a permanent smile whenever I think of him.

Peace to you Randy.

My condolences to the Deason Family. As a fellow member of the JASH class of '76, Randy and I went to school together for several years. I remember him as having a very quiet demeanor, a very nice guy and our quarterback! RIP Randy!

Randy, you and I grew up as kids in the neighborhood back in the late 60s and early 70s--playing football, running around in the woods down the hill from our houses--you were such a great guy--never thought I would be reading your obituary. to your father, Carlos, and brothers Ken and Terry, and of course to your wife and kids--I wish you my sincere condolences. Randy was just a great guy. Rest in Peace.
