“ I just saw Bills obituary, and I'm sorry i did not make the service. I was a commercial roofing contractor. Bill was the principal Architect for many projects I was engaged in over my career. Bill was one of the most honest and fair men I ever dealt with in my 47 years in the construction industry. I had the pleasure of playing golf with Bill as well. As I've gone through life there are a few people that have made your life better by having crossed their path. Bill was one of them
